

AGRIS-MOLDOVA CENTER STRATEGY MAP 2019-2021

WHAT PRINCIPLES WILL WE FOLLOW?

Colaboration
Integration

Openness
Professionalism

Interactivity
Ambition

Discovery
Inovation

WHAT PRIORITIES DO WE PROPOSE?

Including the AGRIS objectives in the university strategy as a contribution to increase the visibility of scientific research

Implementing an appropriate tool for exporting data from library catalogue and from the institutional repository in one of the formats accepted by AGRIS

Produce metadata using different methods and systems before sending them to AGRIS

Using the new appropriate modern professional software to prepare new records promptly (Mendeley, Zotero)

Improving the quality of records; Increasing the number of records in AGRIS

Guide
"Search and discover relevant information in AGRIS"

"Selection and description of articles and other publications in AGRIS" instruction

Online AGRIS Campaign "Make your paper more accessible through AGRIS"

Carrying out an awareness campaign among journal editorial offices and members of agricultural research institutes to motivate them to make available their research results through AGRIS database

Developing the collaboration with AGRIS international community to improve the contribution to AGRIS

WHAT WILL WE DELIVER?
